

HUMBERT, KING OF ITALY
IS KILLED BY AN ASSASSIN

While Entering a Carriage at
Monza Angelo Bressi
Fires Three Bullets

ONE FINDS HIS HEART

Royal Victim Falls Back,
Dead Instantly—Conster-
nation Seizes Crowd.

DASTARD IS QUICKLY CAUGHT

Rome, July 30.—[Special Cablegram.]—The news of the assassination of King Humbert was not known until this morning except by government officials. The city is quiet. The cabinet summoned at midnight is still in session. The prince of Naples has been called from Pirene. He was on his way here in his yacht when the news reached him.

Humbert's body will be brought here immediately. Signor Serracino left the cabinet meeting at seven o'clock and with the vice president of the senate went to Monza, the scene of the assassination to arrange for the transportation of the remains. It is not believed the anti government forces will take advantage of the situation.

Angelo Bressi, the assassin, cynically confessed that he had committed the crime. He said: "I am very glad I was so successful."

Is Now King Emmanuel III,
Rome, July 30.—[Special Cablegram.]—The Prince of Naples is expected to arrive Wednesday when he will take the oath in the presence of the United Chambers. He is already King Emmanuel III, there being no formal coronation on occasions of this sort in Italy.

Encouraging the Anarchists
London, July 30.—[Special Cablegram.]—A member of the government says the assassination was the direct outcome of the acquittal of Sipido, the would be assassin of the Prince of Wales. Since then the anarchists have scattered literature broadcast urging regicide wherever possible.

ALLIES MAY CUT LOOSE FROM ITALY
Death of Humbert May Dissolve the
Famous Drehtbund.

London, July 30.—One important factor that must not be overlooked in the grim tragedy in Italy is the triple alliance of Germany, Italy and Austria. In the formation of this famous league, in 1883 the slain monarch, took a prominent part, and in a humble way he had figured in its policies ever since.

The question arises does the bullet of the assassin also destroy the alliance? It is a well known fact that Italy has been the weak member of the federation. It is a well known fact that the efforts of Humbert and of his various ministers from Crispi to Saraceno, have been in the direction of maintaining the standing of Italy in the alliance. What the effect of these efforts have been on the Italian nation are matters of history.

The alliance demanded of Italy a large army and a big fleet. These were maintained only at the cost of imposing taxation on the Italian people, and the result has been constant murmuring, discontent, and outbreaks at times assumed the phase of insurrection.

The House of Savoy practically staked its all on its membership in the alliance and it remains to be seen whether it has not played a losing game.

It is hardly possible that the ascent to the throne by the Prince of Naples will pacify Italy. The country has been torn by the dissensions of its parliamentary cabals, and only radical reforms—shall we say a republic—will bring a semblance of order out of the chaos that exists.

STRUCK BY THREE REVOLVER SHOTS

Assassin of King Humbert Angelo Bressi,
At Once Arrested.

Monza, Italy, July 30.—King Humbert has been assassinated.

He was shot here last evening by a man named Angelo Bressi, and died in a few minutes.

The king had been attending a distribution of prizes in connection with a gymnastic competition. He had just entered his carriage with his aid de camp amid the cheers of the crowd when he was struck by three revolver shots in quick succession.

Is Shot Through the Heart

One pierced the heart of his Majesty, who fell back and expired in a few minutes.

The assassin was immediately arrested

ed and was with some difficulty, saved from the fury of the populace. He gave his name as Angelo Bressi, describing himself as of Prato in Tuscany.

News Slow in Reaching Rome
Rome, July 30, 3 a. m.—The news of the terrible event at Monza did not arrive here until after midnight.

Signor Saraceno, the premier, immediately summoned a meeting of the cabinet, and the ministers will start at the earliest possible moment for Monza. The Prince and Princess of Naples are on board the Yela, yatching in the Levant.

Was Attacked in 1878
Once before his Majesty was attacked by an assassin.

On November 17, 1878, shortly after he had been crowned, an attempt was made on his life while he was entering the city of Naples.

Giovanni Passarate, a cook, waving a flag approached the royal carriage and stabbed the King in the arm with a short dagger.

His majesty drew his sword and wounded the man. Members of the royal suite came to his assistance but not until one of them was severely wounded was the would-be murderer secured.

Victor Emmanuel to Succeed.

King Humbert's full name is Umberto Reuier Charles Emmanuel Jean Marie Ferdinand Eugene. He was born at Turin on March 14, 1844. He was the son of Victor Emmanuel II, who died on January 9, 1878, and of Queen Adelaide who was before her marriage Archduchess of Austria. He succeeded to the throne upon the death of his father. He was married to Princess Marguerite of Savoy at Turin on April 22, 1868. The heir to the throne is the Prince Royal Victor Emmanuel Ferdinand Marie Janvier Prince of Naples who was born in Naples on November 11, 1869. He was married to Princess Helene of Montenegro in Rome on Oct. 24, 1896.

Summer Palace at Monza.
Near Monza is the royal summer palace of Italy, nine miles northeast of Milano. The River Lambro runs through the place and is crossed by three handsome bridges.

The population of Monza proper is 15,500, but it has a number of suburbs and including these the population is 28,000.

A large number of woodmen are employed in the place, which boasts of manufactures. Five thousand looms for the weaving of cotton goods are operated in Monza besides extensive factories for the manufacture of hats, leather goods, bricks and tiles.

Aside from the royal summer palace the most remarkable edifice in Monza is the cathedral of St. John the Baptist, founded in the seventh century by the Lombard Queen, Theodelinda. The cathedral is stored with curios and rich relics and is a kind of medieval museum. Centuries ago Monza was the capital of the Lombardy Kings.

Insured for \$7,000,000.

Humbert enjoyed the distinction of being the most highly insured king in the world. He carried policies aggregating \$7,000,000 and had \$20,000,000 invested through the London Rothschilds. He is said to have saved most of this out of his civil list of \$2,650,000. King Humbert possessed a remnant of the private domain of the crown, most of which was relinquished in 1848. It is probable that his private income amounted to \$1,000,000 a year.

Biography of Humbert.

King Humbert I. of Italy is the fourth Humbert, or Umberto, in descent from the dukes of Savoy. He was born at Turin March 14, 1844, the oldest son of Victor Emmanuel, king of Italy, and Marie Adelaide, daughter of the Austrian Archduke Rainer, viceroy of Lombardy. He was married in 1868 to his cousin, Margaret of Savoy, by whom he had one son, Prince Victor Emmanuel, who is married to Princess Helene of Montenegro. Humbert I. succeeded to the throne of Italy on the death of Victor Emmanuel Jan. 8, 1878, and he plunged at once into the tempestuous affairs of the kingdom with a zest that promised individual greatness that has not been fulfilled.

FOREIGN TRADE IS
OVER TWO BILLION

BUREAU OF STATISTICS GIVES
FIGURES ON TRADE.

Total Commerce Passes \$2,000,000,000
Mark for First Time—Exports Set
Record for Amount and Wide Dis-
tribution—Gold Products of United
States Greater Than Ever Before.

Washington, July 30.—The annual report of the chief of the treasury bureau of statistics upon the foreign commerce of the United States during the year ending June 30, 1900, has been completed and will form a part of the June summary of commerce and finance, which will appear the coming week. The reports shows the total imports of merchandise during the year were \$49,714,670; the total exports, \$1,994,186,371.

Four Great Facts of Report

Four great facts characterize the foreign commerce of the United States in 1900, the closing year of the decade and century:

1. The total commerce of the year surpasses by \$39,729,250 that of any preceding year, and for the first time exceeds \$2,000,000,000.
2. The exports exceed those of any preceding year and have been distributed more widely throughout the world than ever before.
3. Manufacturers' materials were exported more freely than ever and formed a larger share of the total exports than on any former occasion.
4. Manufactured articles were exported more freely than ever and formed a larger share of the total exports than on any former occasion.

In exports every great class of articles showed a larger total than in the preceding year; in imports every class except manufacturers' materials showed a smaller percentage of the total than in

OVER 5,000 BOERS UNDER PRINZLOO
HAVE SURRENDERED TO HUNTER

The Dutch Campaign in South Africa Seems To Be
Going to Pieces—Kruger Ready to Fly if
Next Battle Goes Against Him—Rob-
erts Retires to Pretoria.

Pretoria, July 30.—[Special Cablegram.]—Gen. Hunter reports that Gen. Prinsloo has surrendered unconditionally. The Boer general representatives, who carried on the negotiations, informed Hunter that the Boers numbered five thousand.

London, July 30.—[Special Cablegram.]—The following from Gen. Roberts was received this morning: "Gen. Hunter advanced and drove the enemy from Two Neks forcing a retirement on Naupoort. The Boer prisoners said that twelve hundred Boers were ready to surrender. Prinzloo asked for a couple of days armistice pending negotiations. I replied demanding unconditional surrender and director Hunter to push his advantage."

Roberts Retires to Pretoria

London, July 30.—Lord Roberts has

the preceding year, while manufactur-
ers' materials showed a much larger
total and larger percentage of the grand
total than in any former year.

In 1900 the exports of manufacturers from the United States had reached \$432,284,366, while those from the United Kingdom in 1898, the latest year available, had dropped to \$936,165,325. Thus exports of manufacturers are now ten times as much in 1900, while those of the United Kingdom are but one and a half times as great as in 1890.

Gold Production Increases.

The phenomenal commercial record of the year has been accompanied by the equally striking record with reference to the gold production. The gold mined in the United States during the year ended Dec. 31, 1899, exceeds that of any year in history, and for the first time surpasses the record established in 1853—\$65,000,000—though the total for 1898 was \$64,463,000. The annual average gold product of the United States is now double that of a decade earlier.

REVOLT ON IN IRELAND

Seditious Handbills Distributed at a
Nationalist Meeting Held in
Cork Yesterday.

Cork, July 30.—At the nationalist demonstration held here yesterday handbills were distributed discouraging the work of recruiting for the British army, and urging that, as England's army was now "discomforted" in South Africa, the time was ripe for an Irish rebellion.

John E. Redmond, leader of the United Irish party in parliament, made a vigorous appeal for funds to assist the candidates of the party at the forthcoming general election. He publicly repudiated the statement that the United Irish League was opposed to certain Irish members.

McKinley Sends Condolence

Washington, July 30.—[Special Telegram.]—The president this morning cabled Vittorio Emanuele offering in behalf of himself and the people sincere condolences. Hay also telegraphed sympathy to the Italian ambassador now at Seabright.

GIVES M'KINLEY A
SURE TOTAL OF 278

G. O. P. ELECTION PROPHET

Thinks Bryan May Get 132—He Puts
in the Doubtful Column Kentucky,
Nebraska, Utah and Wyoming—
Republicans Have a Fighting Chance
in North Carolina and Colorado.

Boston, July 30.—Congressman Chas. H. Grosvenor of Ohio, the election prophet of the republican party, has furnished his first official forecast for 1900. He gives McKinley and Roosevelt a "sure total" of 278 electoral votes, including the votes of the states of Kansas, South Dakota and Washington, carried by Bryan in 1896. He puts in the doubtful column Kentucky, Nebraska, Utah and Wyoming, on at least half of whose votes he declares the republicans have a mortgage. Of the total of 132 votes conceded to Bryan and Stevenson, Mr. Grosvenor says there is a bare possibility that McKinley may carry North Carolina, and that he has more than a fighting chance of winning the ten votes of Colorado, Idaho and Montana.

On the heels of this bad news comes the tidings that Baden-Powell is again besieged, this time at Rustenberg.

Colonel Hickman has retired to Pretoria, after failing to break the Boer lines.

Lord Roberts' retirement is supposed to be due to the lack of the co operation of other forces.

London, July 30.—The Daily Telegraph publishes the following dispatch from its special correspondent:

"Lorenze Marques, July 29.—A big fight is expected tomorrow, when should the Boers be beaten, President Kruger will trek to Delagoa Bay and take a steamer to Europe."

Says All Are Entirely Safe.

Commenting on this Gen. Grosvenor said:

"In ordinary campaigns this would be rather an early day to predict results, but under the circumstances surrounding the present contest I think it is entirely safe. Of the states designated as certainly republican I believe none is unsafe for McKinley. If I were to select a state about which there might be a reasonable doubt I should name Maryland, although the silver plank in the Kansas City platform probably makes Maryland as safe as Ohio.

"Allowing Bryan is certain total of 132, besides the ten votes of Colorado and Montana and thirteen more—his half of the doubtful states—gives him 155 as the maximum of his possibilities, or twenty one less than he got before. It will not be a surprise to me if McKinley's electoral vote finally crowds close upon the 300 mark."

AMNESTY BANQUET A FAILURE

Fest Given by Filipinos Marred by a
Misunderstanding

Manila, July 30.—The proposed popular banquet in commemoration of the amnesty proved a failure owing to a misunderstanding between the Filipinos giving it and the American civil and military authorities regarding speeches. After two hours' delay the banquet was finally finished, Commissioners Taft and Wright and General MacArthur being in attendance. No political speeches were made.

SERUM CHECKS YELLOW FEVER

Remarkable Results of Brazilian Doctor's
Work in Mexico.

Vera Cruz, Mexico, July 30.—Dr. Beinzah's experiments with yellow fever patients continue to give remarkable results. All the new patients treated with the serum are improving, and the black vomit has been stopped.

MORE GROUND FOR HOPE
THAT MINISTERS ARE ALIVE

LI HUNG CHANG.

Paris, July 30.—[Special Cablegram.]—A Tien Tsin dispatch says, according to the latest advices from Peking, July 15, the Chinese made a night attack on the legations the tenth, but were led into a trap by the British and Americans, and lost a thousand killed.

Hay Wants Prompt Action.

Washington, D. C., July 30.—"Action and immediate action," says Secretary of State Hay this morning, "is the policy which the United States is urging in China. We are now waiting for more information, but are proceeding as if we knew all."

Lacking sufficient forces in China to make an advance on Peking independent of other powers this government cannot act alone. All that can be done is to urge the American commanders in China to exert their influence to the utmost against delay. This is being done, and it is believed that more energetic action may follow the arrival of Maj. Gen. Chaffee at Tientsin.

Though there are many reasons for believing that the Chinese government is not acting in good faith, the United States will officially accept all of its protestations of friendship that come through Minister Wu until it is known to a certainty that they are false. The authorities here are glad to see that other nations are officially maintaining the same attitude, for it is only in this way the formal declaration of war can be avoided.

GREAT WAVE OF MURDER IS RISING

Twelve English Missionaries Slain—Gen-
eral Rising About August 1.

London, July 30.—A special dispatch from Shanghai, dated yesterday, says that the English Mission station north of Ning Po has been destroyed and twelve missionaries have been murdered.

London, July 30.—The Shanghai correspondent of the Daily Express, telegraphing yesterday, said:

"It is believed that all foreigners in Chicago have by this time been massacred, and the wave of massacre is spreading toward Ning Po and Hong Chow, from which point thirty English and American missionaries are endeavoring to escape in boats down the river to Kiang Su.

Officials here anticipate a general rising along the Yang Tse Kiang about August 1.

Tokyo, Saturday, July 30.—It is reported from Shanghai that the Boxers attacked the missionaries and native Christians at Pao Ting Fu on July 8. A foreign physician and 2,000 converts were massacred.

The Chinese general, Li Ho Keh, is now marching on Peking. He has ordered his troops to exterminate all Christians. Already one French priest and from 2,000 to 3,000 natives have been slaughtered.

POWERS ON STAND

IN SELF DEFENSE

Motion to Acquit Was Overruled—
Denounced as a Great
Conspiracy.

Georgetown, Ky., July 30.—[Special Telegram.]—The defense began the presentation of its case in the Powers trial this morning by moving to acquit. It was overruled. Then Attorney Faulkner began a statement, saying that upon the passage of the one hundred thousand dollar reward act began the great conspiracy in the history of the century; that witnesses began springing up anxious to get some of that money. He especially singled out Finley Anderson and Robert Noakes as liars for revenue only. Powers took the stand in his own defense. He was cool and deliberate. He never knew Harlan Whittaker, Dick Combs or Jim Howard and knew Yontsey only slightly.

Now Comes Information That
Foreigners Were Alive

STILL THERE IS DOUBT

Orders Said to Have Been
Issued to Kill Every
Missionary in China.

ACTION WANTED BY SEC. HAY

Washington, July 30.—[Special Telegram.]—The state department has received a message from Fowler, consul at Chefoo, dated July 29, saying:

"A letter from the German legation at Peking dated July 21, received at Tien Tsin says the German loss is dead, ten; wounded, twelve. The Chinese ceased their attack on the twelfth. Von Ketteler's body has been saved. The Australian, Dutch and Spanish legations were destroyed, the French partially."

A letter from the Japanese legation dated July 22, arrived at Tien Tsin July 25, saying: "Ten battalions of Chinese shelled the legations incessantly from June 20 to July 17, and may renew the fire. The enemy is decreasing. The German, Russian, American, British, half of the Japanese and French legations are still defended. The Japanese say they have food for six days, but little ammunition. The emperor and empress are reported at Peking."

Were Alive July 19

London, July 30.—[Special Cablegram.]—A dispatch from Che Foo via Shanghai says that a runner sent to Peking, July 15, by the Japanese consul at Tien Tsin returned the twenty-seventh bringing a cipher telegram to the Japanese government alleged to have been sent by the Japanese minister in Peking. The telegram says: "We are defending ourselves very well. Attack has now stopped. We will keep up until the last of the month, although it will be no easy task." The runner left Peking July 19.

Shanghai Wants Soldiers

London, July 30, 4:30 p. m.—The Shanghai correspondent of the Times, wiring yesterday, says:

"Today the consular body decided that the situation demands the presence of a military force in Shanghai, and the consuls have notified their governments accordingly."

Ministers Held as Hostages

London, July 30.—The Shanghai correspondent of the Daily Express, telegraphing yesterday, says:

"A new imperial edict promulgated this evening urgently orders all viceroys and provincial governors to endeavor to negotiate peace with the powers, whose ministers are held as hostages pending the result of the overtures for the hostilities against China."

"The viceroys are also commanded to guard their territories vigilantly against attack and to prevent by all means in their power the advance of the foreign troops, especially along the Yang-tse-Kiang. The decree says that the officials will answer with their lives for any failure to execute these orders."

"Commands are also given out that not a single foreigner shall be allowed to escape from the interior, where there are still fully 2,000 Europeans connected with missionary work in isolated situations."

KAISER'S SPEECH CAUSES A STIR

The Pope Makes a Protest and It Is
Questioned in England.

London, July 30.—The Kaiser's "no quarter" speech has caused the Pope to enter a protest to the powers against a war of vengeance being prosecuted against the Chinese. Already the German semi official paper is trying to divert the Kaiser's words from their plain meaning.

This government will be asked in the House of Commons tomorrow whether, in the event a British force happens to be acting under the commands of a superior German officer, the Kaiser's injunctions to refuse quarter to the Chinese will be obeyed by the British soldiers.

The Kaiser's words are considered to have deprived Germany of her chance of providing a commander-in-chief, which before was probable in view of the dissension of the other powers.

ALDERMAN John C. Clark and wife and daughter Emma of Beloit, have returned home after a week's visit with friends in this city.

WOKE UP TO FIND HIS HOME ON FIRE

DASHED THROUGH THE FLAMES
IN HIS NIGHT DRESS.

Narrow Escape of John M. Davis During a Fire in His Residence on Williams Street—Firemen Make a Quick Response and Extinguish the Blaze in Short Order—Loss Small

An alarm of fire turned in from box 261 at 11:55 last night called the fire department to the house of John M. Davis on Williams street, in the Second ward, near the Hanson factory. The department responded in quick time and on arriving at the house found the room occupied by Davis as a bedroom all in flames. After a hard fight with the flames, about half an hour the flames were extinguished, after consuming almost everything in the room and doing damage to the house and furniture amounting to from \$125 to \$150.

The chemical extinguishers on the fire patrol wagon were used to extinguish the flames, very little water being thrown.

Davis could not state exactly how the fire originated. When he went to bed he left a lamp burning on a small table in the corner of the room near some curtains and he thinks that in some way the curtains were blown against the lamp and ignited.

The first thing Davis knew about the fire was when something waked him and he found the entire room in flames, the bed and everything being on fire. With out waiting to dress or save his clothes he dashed through the flames and ran to the nearest alarm box, and sent in an alarm. When he returned to the house he managed to save his trousers, which were badly burned, a watch in the pocket being ruined by the fire.

Davis was alone in the house and it was very fortunate that he was aroused at the time he was for in a few minutes more he might have been overcome by the smoke and flames and burned to death. As it was, he had a very close call.

The damage to the building, which is a one story frame structure, is covered by an insurance of \$700 in one of the companies represented by Carter & Morse. The fire was rung out about 12:30 o'clock.

WEST PORTER

West Porter, July 30—Johnny Hagen, son of John Hagen, died at the house of his parents Monday morning, July 23, 1900. He was nine years of age and was sick only a few days. The funeral services were held at the Lutheran church at Cooksville. Rev. Doll of Stoutington officiated.

The bereaved family have a large circle of friends who sympathize with them. Richard Clifton who has been very ill is much better. His daughter Maude is home from Edgerton being called on account of his illness.

Mr. and Mrs. Richard Dowse of Elkhorn, visited relatives part of last week. Mr. Dowse is much better and his friends have strong hopes of his entire recovery.

Attorney Earle of Janesville, visited at the parental home last week.

Mr. and Mrs. W. M. Tolles visited Janesville last week Wednesday.

Ina Fuller of Brooklyn, and Mary Green of Dayton, were guests of friends in this vicinity last week Saturday.

Ora Montgomery is home from Janesville and is now doctoring a felon.

A number from this place are attending the Monona assembly this week.

Several young people from Porter picked up at First Lake last Sunday.

The party at the Porter band hall last Friday night was well attended, there being eighty-five couple present.

Invitations are out for another party at the Porter band hall, Friday night, August 3. Music by Leaver's orchestra.

HEN SETS AND EARNS MONEY

Wheat Bin Chosen as a Nest Increases \$100 in Value.

Sioux Falls, S. D., July 30—Because one of his hens selected a bin containing about 800 bushels of wheat as the place to sit out a brood of young chickens a Clay county farmer is \$100 richer than he would otherwise have been. The farmer upon deciding to market his surplus wheat, which he had carried over from last season, proceeded to his granary where he found that the hen had taken possession. He decided not to disturb the hen but wait until the young chickens were hatched. In the meantime the price of wheat advanced until the farmer discovered he had gained over \$100 by allowing the hen to "set it out."

From New Zealand.

A favorite pie in New England used to be raisin pie. A cupful of raisins was boiled in a pint of water for thirty minutes. The raisins were then seeded and a cupful of soft bread crumbs, one-fourth of a cup of sugar, one tablespoonful of lemon juice and one egg were added. An upper and lower crust of tender pastry and a satisfactory bake went toward making a really delicious pie.

Cuban Postoffice Employees.

There are 750 employees in the postal service of Cuba, of whom only 104 are Americans, and these are chiefly in the department headquarters and the Havana postoffice. There are 273 post-offices on the island, of which 251 are in charge of Cubans.

Noodle Factories.

Switzerland now has about sixty macaroni and noodle factories, which supply the whole demand of the country, although the Swiss come next to the Italians as macaroni eaters.

GO AHEAD WITH INTER-URBAN

Projectors Buying Right of Way Between Beloit and Rockford.

The preparations for the building of the electric line between Rockford and Janesville are still going on and the projectors are working between Beloit and Rockford securing the right of way for the line, says the Rockford Star.

H. H. Clough, Judge G. N. Nye and Engineer S. M. Haines were in the city yesterday, having come down from Beloit by way of the road and will not run in the highway until close to the city. The question of a franchise in Beloit is still hanging fire and the choice of routes is not decided. In spite of this the company is not waiting but is preparing to get to the city anyway and will be ready as soon as the franchise question is settled.

The preparations are being made to commence building in a short time and the projectors hope to have Rockford and Beloit connected before the close of the year. This line will be built in any event before the one to Dixon, as the men at the head of it have their plans well laid and there is plenty of money behind the company. The equipments and roadbed will be of the highest grade and no expense will be spared to make it the equal of any inter-urban electric line in the country. It passes through a thickly settled portion of the country, and business should be easily secured.

The push exhibited by the men behind the project speaks well for it and it will not be surprising to see the road running in a very short time.

SPEEDY ANSWER TO PRAYER

Kansas Minister and His Flock Cooped Up All Night by Rain.

Topeka, Kan., July 30—Editor Black of Syracuse reports a remarkable incident at Clynas Friday night.

Rev. Mr. Johnson fervently prayed for rain that the farmers' crops might be saved.

The prayer was answered by a down-pour which kept the congregation in the church until daylight Saturday morning.

August Review of Reviews

The political campaign and the Chinese problem are the two most prominent topics in the August Review of Reviews. In "The Progress of the World," the editor analyzes the platform adopted by the democrats at Kansas City. Among the contributed articles there is a brief review of the work of the Kansas City convention by Walter Wellman, followed by personal sketches of "Mr. Bryan at Home," "Theodore Roosevelt," by Jacob A. Riis, and "Roosevelt's Work as Governor." "The Chinese Revolution" is the subject of a well-informed and timely paper by Stephen Bonser. Important phases of the situation in China are also set forth editorially.

Editorial Elect Officers.

Madison, Wis., July 30—The German Editorial Association of Wisconsin yesterday elected officers as follows: President, Chris Roemer, Appleton; Vice President, Emil Wittsack, Fountain City; Secretary, J. Auer, Eau Claire; Treasurer, Sylv. Nusser, Medford. It was decided to hold the next convention at Eau Claire, the time to be fixed by the executive committee. Secretary of State Froehlich and Professor Ernest Voss of the University were made honorary members.

O. E. Merrill.

Beloit, Wis., July 30—O. E. Merrill, 70 years old, who died yesterday, was an early manufacturer of Beloit and through his efforts in 1860 grew the industry here for the manufacture of paper making machinery. He founded the Merrill & Houston iron works of which the Beloit iron works is the successor, and in later years he organized the O. E. Merrill company shops. Fifteen years ago he retired from business in Beloit and had since resided in Toledo, O. and Chicago. He is survived by a wife and four children, H. E. of Beloit, George, of Chicago, Mrs. John C. Root, of Beloit and Miss Josephine of Chicago.

Scotch and Irish Talent.

By the elevation of Sir Richard Webster to the office of master of the rolls, England is left unrepresented in the great law offices of the kingdom, as the new attorney-general, Sir Robert Finlay, is a Scotchman, and the new solicitor-general, Sir Edward Carson, is an Irishman. The latter is the first man who has been solicitor-general both in Ireland and in England.

Princess as Bookbinder.

Princess Victoria of Wales, the youngest daughter of the prince of Wales, is a skillful and artistic bookbinder. At a bookbinder's exhibition recently held in London one of the prizes was awarded to a Miss Matthews, who, it turned out afterward, was none other than the granddaughter of the queen.

Constitution Depletes Delay.

Our eastern contemporaries say that the results of the eclipse will not be known for months. The thing has already caused one good citizen in Georgia to commit suicide, and it is to be hoped that public indignation meetings will stop any further advertisements of a show which is now a back number.—Atlanta Constitution.

Production of Books in Switzerland.

A French statistician declares that Switzerland produces annually more books than any other country in proportion to the number of inhabitants, namely, one to every 3,000. Germany comes next with one for every 3,200; Italy with one for 3,300; France, one for 3,500; England, one for 6,500; United States, one for 12,400.

DOCTORS GOT EVEN WITH THE LAWYERS

Base Ball Game That Offered Much Amusement to Local Cranks—Rubber in Near Future.

Did the doctors get even with the lawyers? The tans that witnessed the game of ball between the doctors and lawyers Saturday afternoon are of the opinion that they did and that the doctors can play ball when they have to, since the game some time ago in which the lawyers were victorious they have let no chance slip to remind the doctors of the fact, that they might be good at some things, but that ball playing was out of their line.

The doctors finally thought that they had heard enough of that kind of talk and challenged the lawyers to play another game. The lawyers thought that this was a soft snap and the game came off on Saturday afternoon. The doctors gave them such a beating that there is not a ball player to be found among the legal lights of the city.

The game was called at four o'clock and the battle began. Chas. E. Dunn and Jesse Earle were the battery for the lawyers, and Drs. John R. Whiffen and James Gibson that for the doctors. From the time the game was called until the finish the audiences was kept busy watching the grand stand plays and listening to the kicks made by the members of both teams.

The pitchers were a little wild in their delivery at times and in the fifth inning Dougherty who was put in to pitch for the lawyers on account of being an old ball player succeeded in hitting every man that came to bat. Dr. Joe Whiffen not being present to even up matters for the doctors by killing a few lawyers, made things look serious for a time, but the doctors finally had three men put out and retired to bandage up the wounded.

Both sides were tired out at the end of seven innings and decided to call it a game before any more players were injured. Mr. Foley, the physical director of the Y. M. C. A. acted as umpire and filled the position with satisfaction to all.

The rubber will be played off in the near future.

The following was the line up:

Lawyers	Position	Doctors
Earle	Pitcher	Gibson
Dunn	Batter	Whiffen
G. G. Sutherland	1b	Lestie
Sale	2b	M. A. Cunningham
Dougherty	3b	Kearney
J. J. Cunningham	4b	Sutherland
Fisher	5b	Crosby
Montgomery	6b	Field
Newhouse	7b	F. Sutherland
Score by innings:		
Lawyers	3 2 1 1 2 0 2 31	
Doctors	3 1 1 3 5 0 1 34	
Base on Balls—Whiffen, 3; Dunn, 5; Dougherty, 1.		
Hit by pitched ball—By Whiffen, 1; by Kearney, 1; by Dougherty, 3.		
Two base hit—Kearney.

GET MANY WOLF SCALPS

Trapping on the Cheyenne River Is Encouraging South Dakotans

Rapid City, South Dakota, July 30—The record for wolf catching has been broken again. Charles Handlin and three other men arrived in the city to day with 555 pelts, sixty-five of the number being coyotes and the remainder being the big timber wolf. The skins brought \$1,414 in bounty from the county. The animals were all caught in fifteen days' time with traps. A preparation is used to entice the wolves onto the trap. Handlin is a relative of Word, who brought in several hundred pelts last week. All the wolves were caught on the Cheyenne river.

HIS MEMORY FAILED

I have a shocking memory. I believe I was "born so," anyhow I suffered a good deal at school in the process of learning the dates of British sovereigns since the conquest. Even now I have to think deeply before I can remember my own date. As to my wife's birthday—well, I don't pretend to guess that within six months.

My friends have often advised me to study an artificial memory system. I did try one, or, rather, tried to try it. I bought a handbook, and by way of making a good start forgot to pay for it. Then I forgot to read it, and when my wife jogged my memory I couldn't for the life of me remember where I had left the beastly thing. So that system was a failure, and I never had the heart to try another.

Of course, it is quite useless to trust me with letters for the post. I have patiently carried important missives in my pockets for weeks together and been heartily abused for my pains. As a rule, no one dreams of asking me to do a shopping commission, but one day, my better half being laid up with a sprained ankle, I was sent into our town to get a stock of household necessities. I was provided with three similar lists in case I lost or mislaid one and flattered myself that I should come out of the ordeal with flying colors.

Just as I was starting my wife sent out a final message by the servant, and as I was too lazy to pull out all the lists and make three notes of it I tied a knot in my handkerchief and forgot all about it.

I got through my list of purchases bravely, then I suddenly encountered the mnemonic knot. Did I remember what it meant? Not a bit. I hadn't the faintest idea. At first I was rather amused; then I grew angry and registered a mental oath that I wouldn't go home without executing that mysterious commission.

I returned to the George, where my horse was put up, and smoked a pipe to sharpen my wits. It was no use. So I walked out and stared into all the shop windows, hoping the "thing" might meet my eye and enlighten my understanding. That plan failed.

I returned to the George and thought over the letters of the alphabet, coming at last to the conclusion that the article began with M. That was the nearest I could get to it.

Then Jones came into the smoking room. "Jones," I said, "you know what an awful memory I have. Well, my wife asked me to get her something, and I can't remember what it was, but I believe it begins with M. I wish you'd suggest something."

"Money," said Jones promptly.

"No, it wasn't that today, for a wonder."

Then Jones waxed facetious and wrote me out a list of M's—machine guns, metronomes, mangles, matrimonial news, mechanical monkeys and so on. I left him chuckling over his own idiotic feebleness.

"It wasn't a megatherium, was it?" he inquired as a parting shot.

"No," said I, "nor a meddlesome magpie."

He had tiled me rather; but, after all, he had given me a hint. I was pretty sure of the M, and by consulting a price list I might arrive at a solution of my enigma.

I was prepared to swear that the "something" was neither medicine nor music nor millinery nor muffins (including all sorts of pastry) nor melons, as typical of green stuff, so that my inquiries seemed limited to groceries, hardware and butcher's meat.

I wasn't quite certain about the last item, so I went to our shop and feebly asked the butcher if he thought I wanted any meat. I expect he thought I was certainly in no need of drink, but he urbanely informed me that he had sent us out a joint that morning. So I thanked him and retired hastily.

Then I procured an ironmonger's catalogue and studied it in vain. There was nothing at all feasible under "M." As a last resource I returned to the grocer's, where I had already made extensive purchases, and asked to see his price list.

Even then I couldn't spot the thing, but on the off chance of making a lucky shot I invested heavily in macaroni, mustard, marmalade, pickled mushrooms and tinned milk. Then I coddled my brains till I felt quite stupid and finally gave it up as a bad job. I drove home in disgust with enough parcels of food to victual a polar expedition.

"Nellie," I said the moment I got indoors, "you sent me a message just as I was starting."

"Yes, and didn't you?"

"Stop a moment! Didn't it begin with 'M'?"

"More or less."

"There! I knew it did. But I'm very sorry, dear, I couldn't remember what it was. I sat in the George nearly two hours trying to think of it."

"Then out of the house you go this instant! I particularly told you not to go near the place, as they'd had a case of measles there."

It all came back to me in a moment. That was her parting injunction! She turned me out into the garden—I felt too crushed to resist—and insisted on my standing in the filthy smoke of a bonfire till she thought I was sufficiently disinfectant. I wasn't allowed to kiss the children for a week.

Catch me going on any more errands!—Exchange.

Story Depew Doesn't Like.

Fashionable Washington and the 400 of New York are deeply relishing the pretty love story of Miss Anna Paulding, niece of Senator Depew, and Lient. John R. Edie, U. S. N. Miss Paulding, the hostess of the home of Senator Depew, went to Washington heart-whole and fancy free. During the season she is said to have surrendered her heart to the dashing lieutenant. Senator Depew is a professed believer in marriages of affection. But Senator Depew is not enthusiastic over the choice of his niece. He feels aggrieved that his favorite niece should have selected a young man without fortune.

Feared to Trust Himself.

Frank Himes of Sodas, N. Y., has been adjudged insane and committed to an asylum at his own request. Swamp Angel.

During the defense of Charleston, S. C., in the war of the rebellion the union forces erected a rampart upon piles driven into the deep mud of the swampy land surrounding the fortification, and upon the rampart placed a huge piece of ordnance, which was used with good effect in the attack upon Fort Wagner. The ordnance received the name Swamp Angel from its peculiar location.

Having a Great Run on Chamberlain's Cough Remedy.

Manager Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind and it gives great satisfaction. In these days of a gripe there is nothing like Chamberlain's Cough Remedy to stop the cough, heal up the sore throat and lungs and give relief within a very short time. The sales are growing and all who try it are pleased with its prompt action.—South Chicago Daily Calumet. For sale by Smith's pharmacy, next to post office, kodak agents.

Excursion Tickets to Monona Lake Assembly, Madison, Wis.

Via the North-Western R'y, will be sold at reduced rates July 16, 17, 21 and 28, limited to July 31. A modified certificate plan will also apply on other than the above dates. Apply to agents Chicago & North Western R'y.

It has been demonstrated repeatedly in every state in the union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by Smith's Pharmacy, next to postoffice, Kodak agents.

This Appeals to You!

The tropical portion of Mexico is the point to which men of brains and money are now directing their capital and ability. Anyone by a small monthly payment of \$2.50 or more can secure an annual life income and something to leave as a legacy to those dependent upon them for support.

The Isthmus Plantation Association of Mexico leave their proposition before the public, and no better offer was ever made to those who wish to invest their savings where it is properly secured. To secure the investors beyond any doubt, the officers of the association have placed all in the hands of the Chicago Title and Trust Company, who is trustee for the investor; no chance for any loss. An investment with this company is as safe as government bonds, and pays much larger dividends. Those who have not already sent their name and address to this association's headquarters for a copy of contract and a prospectus giving full and detailed particulars should do so at once, and if you intend to visit the Carnival, Exposition or State Fair, call at our offices and examine samples of Mexican products which will be of interest to you.

1799—John Sebastian Bach, musical composer, died; born 1685.
1875—George Edward Pickett, hero of Gettysburg charge, died in Norfolk; born 1825.
1894—Walter Pater, an eminent English author and essayist, died at Oxford; born 1839.
1898—Bismarck, ex-chancellor of the German empire, died at Friedrichsruh; born 1815.

Gov. Scofield has appointed L. W. Halsey, first assistant city attorney of Milwaukee, as circuit judge to succeed D. H. Johnson deceased. Mr. Halsey is widely known as an attorney. In April, 1898, he became assistant city attorney at the request of his former student, Carl Ruge, and has been practically charge of directing the city's legal affairs. He founded the Light Horse squadron and has taken an active part in the affairs of the national guard. He is a director of the Wisconsin Loan and Building association, and judge advocate of the General order of the Knights of Pythias, and also a trustee of the Wisconsin branch of the same order. He is a democrat.

The treasury department must think Kansas City, Kansas, is a dead town. The new post office building has been located in the suburbs near the two city cemeteries, although a site on a public square in the very center of the city and on the main thoroughfare from Kansas City, Missouri, was available. In consequence, the Kansas City Chamber of Commerce has taken the matter up, and asks an investigation by congress. To an unprejudiced mind it would appear conclusive that the location chosen was unfeasible, while the site favored by the Chamber of Commerce seems ideal. Politicians, it is said, are responsible for the mix-up.

The state board of control has condemned the Dingley tariff, but it will be noticed that it does not declare for free trade. The democrats realize the merits of the present tariff law. They are against it only because it is a republican measure.

The Oshkosh Northwestern raises its voice against the kind of papers the Milwaukee Journal classifies as "the polly-wag press." The Northwestern says:

One republican paper that dares to express its honest opinion on political matters is worth a dozen fool friends who believe that party orthodoxy is the sole test of merit.

The Madison Democrat thinks H. C. Adams should be the chairman of the republican state central committee, saying:

He is schooled in politics, is a man of ability and honor, a strong speaker, a good manager and knows everyone.

Jamesville doctors and lawyers are noted for the errors they make in their practice.

WE, US, & CO.

Toixing with the Language.
The Jamesville Gazette—St. Croix county elected La Follette delegates. Evidently St. Croix thinks Bob is the boy.

Madison Democrat—What Joix.
Superior Telegram—Surely they were not very coix.

Why Milwaukee Doesn't Foam.
Jamesville Gazette—Milwaukee is jogging along in peace and quiet these days. There hasn't been an eruption in the Cream City for some weeks.

Green Bay Gazette—The old town is probably taking a good nap, so as to be nice and fresh for the republican convention.

As to Adlai.
Milwaukee Journal—Everybody knew it

would come as a species of inherited politics. The Jamesville Gazette, Rep. says:
Of course Adlai E. Stevenson is an anti-expansionist—he was a copperhead during the civil war.

Tubby Shure! Tubby Shure!
Jamesville Enterprise—The Jamesville Gazette seems to know a good thing when it sees it, even in the Enterprise.

ORDER TO KILL ALL CHRISTIANS
Gen. Li Ho Keh Is Bent Upon Doing That Bloody Work

Tokio, July 30.—The Chinese general, Li Ho Keh, is now marching on Pekin. He has ordered his troops to exterminate all Christians. Already one French priest and from 2,000 to 3,000 natives have been slaughtered.

Escape of Whites Forbidden.

Shanghai, July 30.—Li Ping Hong and Lu Chuan Lin, governor of Kiang-Su, both rabidly anti-foreign, are advancing toward Pekin with large bodies of troops. Their advent must affect the situation there seriously. To-day the consular body decided that the situation demands the presence of a military force in Shanghai, and the consuls have notified their governments accordingly.

Sheng Admits His Duplicity.

London, July 30.—An imperial edict saying that the European ministers at Pekin are held as hostages to deter the allies advance on the capital leaves no room to doubt that China has been deceiving the powers. The edict orders the viceroys to prepare to oppose the march on Pekin of the European army at Tien-Tsin. The news of the proclamation comes from the Daily Express correspondent, at Shanghai, whose message follows: "A new imperial edict promulgated this evening urgently orders all viceroys and provincial governors to endeavor to negotiate peace with the powers, whose ministers are held as hostages pending the result of the overtures for the abandonment of hostilities against China. The viceroys are commanded also to guard their territories vigilantly against attack, and to prevent, by all means in their power, the advance of foreign troops, especially along the Yang-tse-Kiang. The decree says that the officials will answer with their lives for any failure to execute these orders."

"Commands are also given that not a single foreigner shall be allowed to escape from the interior, where there are still 2,000 Europeans connected with missionary work, in isolated situations. When the governor of Shan-Tung communicated to the consuls the imperial decree of July 24, he omitted these important passages addressed to Li Hung Chang: 'It is admittedly inadvisable to kill all the ministers, but it is equally unwise to send them to Tien-Tsin. It will be much wiser to keep the survivors at Pekin as hostages. You are commanded to hasten to Pekin. You are incurring imperial displeasure by delay. You have been appointed viceroy of Chee-Lee because, with your military experience, you will successfully lead the imperial armies against the foreigners in Chee-Lee, which Yu Lu, the present viceroy, is unable to do, owing to his ignorance of military affairs.' Li Hung Chang replied to this edict, asking to be allowed to retire on account of his age. Sheng now admits that he has had telegrams since July 19, announcing that every foreigner in Pao-Ting-Fu was murdered, including forty British, French and American missionaries, and announcing also that two French Jesuits and a thousand converts have been massacred at Kwang-Ping-Fu, on the borders of Shan-Tung and Chee-Lee. A majority of the consuls favor strong measures against Sheng's duplicity."

Very Different.

Speaking of the California wool market, the annual report of the San Francisco chamber of commerce, dated January 10, said: "The old stock which had been carried from the free tariff time has all been worked off, and to-day we stand on a solid basis, as we have no more wool in the United States than we can use." How different this is from the "free tariff times," when foreign shoddy goods were sold in the American market and there was no demand for American wool grown by American farmers.—Norwich (Conn.) Bulletin.

Encouraging Signs.

Another great factor that is aiding the Republicans in the west is the prosperity of the farmers. No class of citizens has received so much benefit from the return of good times as have the farmers of the west, and they are showing a very natural disposition to help keep the good times by their votes. Even Utah and Colorado voters are showing signs of returning common sense and are deserting the Bryan craze for the good business principles of William McKinley.—Springfield (Mass.) Union.

One Little Ship.

Over 430,000 tons of merchant vessels were built in the United States during the fiscal year which ended on June 30, 1900, and yet but one steamship of 1770 gross tons was built exclusively for our foreign trade.

Railroad Earnings.

The total gross earnings of railroads were \$203,000,000 larger last year than in 1905.

Great Fishing Place.

Some of the greatest fishing grounds of the great lakes is in the Georgian bay district. From the cold, deep and clear waters of Georgian bay thousands and thousands of rocky islets rise.

It is something new and grateful to have a secretary of the senate who knows how to read distinctly. Never since I can remember has there been a reading clerk in the senate who has had any elocutionary talent whatever; but Mr. Pennington, the new secretary, has a good voice, and not only makes himself heard and understood, but it is really a pleasure to hear him read the bills and reports of the committees. SITE FOR THE WISCONSIN CARRIAGE CO. SEEMS ASSURED.

The Committee is at Work Canvassing the City, and the People Are Subscribing Readily to Keep the Big Manufacturing Plant in the City of Janesville.

The citizens of Janesville do not intend to let the Wisconsin Carriage Company move away from the city for want of a building site.

The committee in charge of the matter of securing a site for the building shows they know a good thing when they see it and do not intend to let the company look elsewhere for a place to locate.

To allow the company to move away would be a loss to the manufacturing interests of this city that could not be replaced. Even if another company should take their place they would probably want more to locate here than is asked by this company.

There is no speculation as to what the Wisconsin Carriage Company is. They have been located in the city for many years and had built up a business that was steadily increasing up to the time of their recent fire. The class of work turned out by this factory was second to none and there was a big demand for their work. Their old customers will come back as soon as the plant is rebuilt and the work commences.

When the committee who have the matter in hand call on you give them all the help you can and keep this company in the city.

FIRST DAY'S PLAY FOR HART MEDAL

The first day's play for the Hart medal will take place tomorrow afternoon on the Buckleton Links. The match will take place rain or shine, the handicaps and games committee having decided that no more matches would be postponed on account of the weather.

The finals for the Richardson trophy between Albert Schaller and Charles Dunn will be played.

The two Edgerton ladies, Mrs. Underhill and Mrs. Shelly, who were to have played Mrs. F. E. Fifield and Miss Fifield in the contest for the Valentine trophy, are unable to come and have forfeited to their Janesville opponents.

A picnic supper will be served in the club house after the matches with dancing in the evening.

Those who have qualified for the Hart medal are as follows:

George F. Kimball, H. Ross King, Geo. Brownell, Frank McNamara, Ed. Peterson, George Bauman, Harry McNamara, C. L. Fifield, Fred Pabler, Sam Echlin, C. C. Bennett, J. C. Nichols, Ed. Bauman, W. W. Watt, F. H. Jackman and Mark Bostwick.

The following ladies will play tomorrow for the Valentine trophy: Belle MacLean and Mrs. C. L. Fifield; Helen Fifield and Mrs. W. A. Jackson; Jennie Baker and Mrs. F. E. Fifield.

GEORGE TALLMAN TO TAKE A TRIP WEST

George Tallman, son of Mr. and Mrs. William H. Tallman, has left for an extended trip through the West. He will join a party organized for this trip, and the time from now until late in the fall will be spent in hunting and fishing.

They will visit the Yellowstone park and then continue on into the mountains. Ten pack animals will be taken to carry the luggage. For anyone interested in hunting and fishing this is one of the finest trips that can be taken.

KNIGHTS OF PYTHIAS MEETING

Maj.-Gen. Caraban Thinks It Will Break All Records.

Detroit, Mich., July 30.—The program of the twenty-first biennial meeting of the supreme lodge Knights of Pythias and of the encampment of the uniform rank of the order, to be held in this city, August 25 to September 1, has been completed. Maj.-Gen. James R. Caraban, speaking of the outlook, said: "I am satisfied that the Detroit encampment of the uniform rank will be greater than any ever held by this order. In Milwaukee we had 16,000 men in camp, but my correspondence with brigade commanders during the last two weeks indicates that the attendance will go far beyond that figure."

The city will be illuminated, and the order of Knights of Khorrassan are to give an electrical and fireworks parade.

With the Northwestern 44 Years Henry Crane, superintendent of bridges entered the employ of the C. & N. W. R. R. July 10, 1851, making 44 years that he has been in the service. Very few men on the Northwestern have been in the employ of the road as long as Mr. Crane. He intends celebrating the fiftieth anniversary of his entering the service of the road in a fitting manner.

THE O. & N. W. R. R. will run an excursion from Janesville to Whiteside Bay, Sunday, August 5. Round trip only \$1.50. Train will leave Janesville at 8 a. m., arriving at Whiteside Bay at 10:30 a. m.; returning will leave Whiteside Bay at 7:15 p. m., arriving in Janesville at 10 p. m.

JAMES MURPHY, who was so badly from the new railroad trestle in Monticore on the night of July 10, was taken to the railroad hospital at Tomah, Wis., this morning. The injured man is doing nicely, and was able to sit up in the patrol wagon while being taken to the railroad station.

MR. Seaman Peterson, the young man for whom the benefit dance is to be given August 1, was a former member of Prof. John Smith's celebrated orchestra and also the imperial band. He is a worthy young man, now dangerously ill with lung trouble. No one should refuse to purchase a ticket for this good cause. Mr. Peterson is now south.

THE Woman's Foreign Missionary circle of Court Street M. E. church will meet with Mrs. Eugene Lowell, 152 Ravine street, on Wednesday of this week, August 1, at three o'clock in the afternoon. An urgent invitation is given to each member to be present and to bring a friend. Subject, Japan. Some new features will be introduced. An excellent program is prepared.

H. S. M'GIFFIN of Edgerton, was in the city today on business connected with his new warehouse, which is now being built at the corner of Academy and Bluff streets.

BURGLARS ENTER AN AFTON STORE

Secured \$30 in Small Change Taken From the Cash Drawer Last Saturday Night.

The general store conducted by William Brinkman at Afton, Wis., was entered by thieves Saturday night and all the money in the cash drawer, some \$30 in change, was taken. Nothing else about the store is missed.

Entrance to the store was gained by way of the back door. The thieves had all the time they wanted to go through the cash drawer, as the theft was not discovered until 9 o'clock Sunday morning.

A soap box was used to shelter the light in their work, the soap being dumped on the floor. The thieves were evidently looking for money, as none of the goods in the store were taken or disturbed. The robbery was probably the work of some of the numerous tramps that hang around the railroad and travel back and forth through Afton on the freight trains.

CLINTON ENJOYS A
FINE GARDEN PARTY

FRIENDS OF MR. AND MRS. OLDS WELL ENTERTAINED.

Another Splendid Attraction Added to the List for the Carnival Aug. 15—Assemblyman Latta of Antigo Visiting Friends—Clinton Social and Personal Notes.

Clinton, July 30.—In response to invitations about one hundred friends of Mr. and Mrs. L. L. Olds gathered at their spacious home on Thursday evening of last week. The design was a "Garden Party," and the large lawn was arranged with swinging chairs and easy seats for the comfort of the guests.

The glimmer of the varied Chinese lanterns and the gasoline torches through the green foliage of the trees, made a very attractive appearance. The pretty summer house had been transformed into a fairy bower of green and pink and from a table in the center dainty refreshments were served by the Misses Flossie Moore and Lillian Loper. A mixed quartette composed of Miss Davis of Elgin, Ill., Miss Bessie Old, Messrs. C. B. and William B. Olds of Beloit, rendered several other selections. Miss Ames and Mr. W. B. Olds each sang a solo. The time passed all too quickly, and the arrival of the hour for departure brought to a close the pleasantest social event of the season.

Another attraction added to the list for the carnival on August 15 is the baby show, which will be held at 11 o'clock in the Dickerman & Edwards block. The first prize is a four dollar pair of shoes, the second a silk umbrella and the third one dollar in cash. Each baby must be carried by its mother. The committee in charge is Wm. M. Murray, E. H. Tibbs and L. L. Simmonds.

Miss Jennie Dean has returned from a very interesting visit with Rev. W. P. Leek and family of Green Bay. She took a trip to Sault Ste Marie, Mackinac Island and other points of interest.

Word comes from the Rev. Wm. Moore and son Gladstone that they are having a fine time in Trinitrust, Ala., reveling in peaches and blackberries and enjoying the rest and change.

We are sorry to learn that it has been necessary for Walter Hanson to go to Chicago to receive treatment for his eyes. We have not learned the particulars of his case.

George Latta and daughter of Antigo are visiting his relatives. Mr. Latta is a prominent lawyer and politician, having served in the legislature at Madison.

Dr. McChesney's family, with Miss Grace Barrett of Appleton, Miss Bessie Fisherman of Delavan and Miss Florence Hayley of Milwaukee, making a merry party, drove down to Beloit last Friday and spent the day.

Mrs. A. B. Wilcox and Mrs. Anna Northway have been enjoying a visit from their brothers, E. M. Kaufman of New York City and George Kaufman of Chicago.

Miss Mary McChesney, a teacher in Milwaukee, and Miss Alice McChesney, a teacher in Waukesha, are spending the summer vacation at the parsonage.

Calvin Johnson intends to take his family to Delevar Lake next Wednesday and remain there a couple of weeks. E. L. Benedict's family also go to attend the assembly.

Mr. J. T. Butler is at home again and will probably resume his position in the post office.

Mr. Brayton Smith is the guest of E. P. Babcock's family.

Mrs. Musie Sayers is sojourning under the parental roof for a time.

THE PRESIDENTIAL ROPEWALKER.

PROSPEROUS ISLAND.

PORTO RICO SEEMS TO BE DOING VERY WELL.

Admirable Workings of Her New Tariff System Shown by Large Increase of Sales to and Purchases From the United States.

Ample vindication of the wisdom of the Republican majority in congress in dealing with the Porto Rico tariff question is furnished in the records of commerce between that island and the United States during the month of May, the first full month of the operation of the new tariff. Treasury statistics show that exports to Porto Rico have more than doubled as compared with May, 1899, and that imports from the island have nearly doubled. Exports to the island from the United States in May, 1899, were \$305,564 and in May, 1900, \$606,470. The imports to the United States from the island in May, 1899, were \$44,179 and in May, 1900, \$1,103,847.

This increase is the more remarkable because it has been asserted that the people of Porto Rico had little to sell and little with which to buy and that they would be completely crushed by the outrageous tariff exactions which congress saw fit to place upon them. The Porto Rican tariff, it will be remembered, amounts to only 15 per cent of the Dingley tariff, and nearly all the necessities of life are admitted to Porto Rico absolutely duty free. It seems, however, that the people of Porto Rico had a great deal to sell which the people of the United States stood ready to buy and that they were able to buy from us more than double the amount they bought in May a year ago. This does not bear out the contention that we were going to plunder and impoverish Porto Rico by a tariff scheme devised for the purpose of supplying to the island a revenue that could not be provided in any other way without resorting to the burdens of direct taxation.

The treasury statistics also bring out the interesting fact that commerce between the United States and Porto Rico for May, 1900, shows a much greater increase than is the case with any of the other islands. With Cuba the commerce of May differed little from that of May, 1899, and this was also the case with the Hawaiian Islands, while in the Philippine Islands the imports show no increase, though the exports show a remarkable gain.

The following table shows our exports to and imports from each of the islands in May, 1900, compared with May, 1899:

	May, 1899.	May, 1900.
Exports to—		
Cuba	\$2,121,679	\$2,145,882
Porto Rico	350,574	606,470
Hawaii	1,236,730	1,429,140
Philippines	65,995	53,214
Samoa, Tonga, etc.	2,150	25,198
Imports from—		
Cuba	4,702,979	4,791,787
Porto Rico	44,179	1,103,847
Hawaii	2,354,738	2,315,725
Philippines	922,101	906,553
Samoa, etc.	100	4,455

Tariff and Trusts.

The tariff laws of and by themselves never created a trust. They made it possible for capital to seek manufacturing investments in this country that were profitable. They increased the wealth of this country to an enormous extent. But the tariff laws were enforced from the time of Washington himself, and trusts were not formed until within the last generation, when the tendency of the times began to be directed to the channel of concentration and of combination. Trusts are but the natural growth of modern times. They reflect the age. Labor is combining into trusts as well as capital. Any tendency that encourages trade or manufacturing encourages trusts. The tariff laws in encouraging both have encouraged trusts, but in no other way.—Brooklyn Times.

What Would Happen?

The question before the voters this fall will be this: We know what McKinley means for the country, we know that his name is inseparably bound to the word "prosperity," but what would happen to us if Bryan won the election and reversed the order of things?—Philadelphia Inquirer.

Agent and Principal.

To all obvious intents and purposes the advance agent of prosperity is not only good enough as an advance agent; the indications are that the people are willing to make him a member of the firm.—Philadelphia Inquirer.

Those Prosperous Farmers.

Prosperity sticks out all over Kansas. One of the farmers there is having a new bin built in his cellar to keep his unset diamonds in.—Boston Globe.

ANOTHER VICTORY.

American Silks Awarded First Honors at Paris.

It is reported from Paris that the gold medal of superiority has been awarded to the American silk exhibit. Seventeen manufacturers have contributed their products to the exhibit which has won this splendid triumph over the silks of the old world.

Stop and think a moment of what is involved and implied in this triumph. The silk industry in the United States is scarcely 40 years old. In Italy and Spain the manufacture of silk began about 1,700 years ago. Louis XI. in 1486, brought to France machinery and weavers from the Levant for the purpose, as he declared, of diminishing the drain of gold from France to foreign countries. Louis XI had the protection idea pretty well developed nearly 600 years ago. How well it worked is told by the history of the silk industry in France. Not only was the drain of gold to foreign countries diminished; it was completely stopped, and the drain was turned the other way, and for some hundreds of years France has prospered greatly by making all the silks used by her own people and by huge exportations to the rest of the world.

Under the protective policy the United States has built up and developed the silk industry to its present successful condition. Today 90 per cent of the silks worn by Americans are the product of American looms. Forty years ago, under free trade, this percentage was just the other way. Today the silk manufacturers of the United States capture the first prize in competition with the silks of all the world at the Paris exposition. It is only one of many similar chapters in the grand story of protection to American labor and industry.

OUR BANK DEPOSITS.

Enormous Increase Under McKinley's Wise Administration.

The following statement of the net deposits in all the national banks of the United States is interesting:

Sept. 7, 1899.....\$1,270,706,003
Dec. 17, 1899.....\$2,094,553

Republican increase.....\$823,847,000

These three lines show that the increase in the deposit of the national banks between 1893, the first year of President Cleveland's second administration, and Sept. 7, 1899, was \$477,665,740. If we make a comparison between the end of 1899, toward the close of the Democratic administration, with last year, we have the following:

Sept. 7, 1899.....\$1,270,706,003
Dec. 17, 1899.....\$2,094,553

Republican increase.....\$823,847,000

This shows that within three years the increase in the national bank deposits exceeded \$418,000,000. There was, therefore, an increase of only \$70,000,000 in the national bank deposits during President Cleveland's term, but an increase of \$418,000,000 during three years of President McKinley's term.

How Would Bryan Vote?

In view of Mr. Bryan's remark that the Democratic party would be willing to take the votes of all the people who have not had their share of prosperity and leave the Republicans the votes of the people who had been prosperous, people here are wondering if he will vote for McKinley for president this year. In 1896 the assessed valuation of Mr. Bryan's property was only \$270; this year it was \$4,550, showing that general prosperity has visited Colonel Bryan. As he is one of the prosperous ones, he should certainly vote for Mr. McKinley.

Will Extend Our Markets.

In the interest of our expanding commerce we recommend that congress create a department of commerce and industries, in the charge of a secretary with a seat in the cabinet.—Republican Platform.

Such a policy will help to extend the markets for the products of our farms and factories, thus assuring a better demand for both and the steady employment of American labor.

American Credit.

American credit stands higher than that of any other nation.—Republican Platform.

It was not so when the last Democratic president was trying to borrow money in England.

Wheat and Silver.

Wheat is getting near the dollar mark again. Silver stands still, and even corn is worth nearly as much now as an ounce of silver.

We Pay the Freight.

Ninety-three per cent of our foreign carrying and over \$200,000,000 in freights is the record of foreign shipping during the fiscal year just ended.

Boys Play with Powder.

Brazil, Ind., July 30.—Four boys, ranging in age from 15 to 19 years, were fearfully burned by an explosion of a keg of powder with which they were playing. The injured were John Matti, John Scabber, Rolly Forrester and James Ambrose. Matti died of his injuries and Scabber and Ambrose are not expected to live, as they are burned so badly that flesh falls from portions of their bodies.

Caterpillars 20 Cents a Quart.

The village of Saratoga has reopened its public market for the purchase of the forest tree caterpillars which started out to destroy the street shade trees, says the New York Press. Three hundred people, residents and visitors, brought the pests in pails and pans and received 20 cents a quart for them from the village, which buries them alive. Nearly \$200 was paid out yesterday. This method of extermination is found more effective than spraying the trees.

Where Women's Ages Are Known.

When women go to buy a dress in Japan they tell the shopkeeper their age, and if they are married or not, because there are special designs for the single and double relations of life as well as for ages. The consequence of this painful custom is that you can tell the age of every woman you meet and know whether she is married, precisely as though she were labeled.

Loved by the people, hated by the would be rivals; the foe of disease, its friend of humanity—Rocky Mountain Tea made by the Madison Medicine Co. Smiths' Pharmacy, Kodak agents.

Shooting His Wife.

Eldora, Iowa, July 30.—At Owassa Otto Pennington shot his wife three times with fatal effect, fired his revolver at J. F. Kilpatrick and his wife and children and then fled to the woods. A sheriff's posse is endeavoring to capture him. Pennington and his wife had quarreled, and Mrs. Pennington would not be reconciled.

Genesee Pure Food Co., Le Roy, N. Y.: Gentlemen:—I must say in regard to GRAIN-O that there is nothing better or healthier. We have used it for years. My brother was a great coffee drinker. He was taken sick and the doctor said coffee was the cause of it, and told us to use GRAIN-O. We got a package but did not like it at first, but now would not be without it. My brother has been well ever since we started to use it. Yours truly, LIZZIE SOCHOR.
